

## FACT SHEET: Bundeswehr University Munich (UniBwM), Germany

The main task of UniBwM is to provide officers and officer candidates of the Bundeswehr (=Federal Armed Forces) with a university education. Thus at present it is only possible for members of the armed services in friendly nations to complete a study program at our university, and this must take place in the framework of a scholarship or grant.

On the basis of bilateral cooperation agreements, it is possible for civilians from foreign countries to complete a portion of their studies at UniBwM. Currently, we offer foreign students the opportunity to stay for up to 12 months.

### Academic Calendar

In contrast to other universities, the standard period of study at the Bundeswehr University Munich is only 3 years for a bachelor's degree and one additional year of intensive study for a Master's degree. Therefore each academic year is structured into the following **trimesters**, not semesters:

## Courses

Undergraduate and graduate courses are available in German language in all degree programs

Our department of Political and Social Sciences and our Computer Science Department offer courses in English every trimester; a list of classes including course syllabi are available upon request. Contact us!

All other departments offer classes only in German language and a very good level of German is indispensable for admission.
