5. Visa

International students who do not come from a member state of the European Union (EU) usually need to have a valid visa before travelling to Germany. Make sure your passport is valid until at least 6 months after the end of your study program in Germany. Please contact the German embassy of your home country at least three months prior to your departure to Germany in order to obtain information on the specific visa regulations of your home country.

Students from the Argentina, Australia, Brazil, Canada, Chile, Costa Rica, Colombia, Japan, Korea, Mexico, New Zealand, Nicaragua, Singapore, Taiwan, Uruguay and the US can enter Germany without a visa. Students who plan to reside within Germany and the European Schengen Area for MORE than 90 days are required to apply for a residence permit after arrival in Germany.

All students with non-EU citizenship need to proof that they have sufficient financial means to live in Germany. You are required to have at least €853 per month that you reside in Germany. There are two ways to prove that:

- 1. Scholarship:** proof of a (full-) scholarship, stating duration and amount of monthly allowances
- 2. Self-financed stay:** limited-withdrawal bank account (also known as **blocked account**)

More information about the necessary steps for visa and the proof of financial means on our [website](#).

- It is possible to sign up for the health insurance in advance if you need a confirmation for the visa application.
